Culminating Portfolio Procedures
As their M.Ed. program draws to a close, students are reminded that some critical items will need to be completed to fulfill graduation requirements. Please read through the following information and complete the required tasks. Should you have questions during this process, don’t hesitate to call the Department of Educational Leadership at 406-243-5586, or email us at edld@mso.umt.edu.

1. Notify Educational Leadership Office (243-5586 or edld@mso.umt.edu) of intent to present and approximate dates available for presentation.
2. Presentations may be held depending upon availability of committee members.
3. Upon qualification, a presentation date will be scheduled at the earliest mutually agreeable date. Preference will be given to scheduling two presentations on the same day in consideration of the schedule of the visiting administrator.
4. Qualification will consist of registration for one terminal credit (EDLD 594: Comp Exam) and completion of at least 8 courses of M.Ed. coursework (remaining courses MUST be taken in the same semester as the Culminating Portfolio). The Comp Exam credit must be paid for prior to presenting and no later than the third week from the beginning of a semester if presenting thereafter.
5. Required materials consists of:
   a. A portfolio containing an artifact from each completed course required for the M.Ed. with a minimum of eight such courses represented in the portfolio, a professional résumé, transcript, and an electronic copy of the presentation. You may make improvements to your presentation after submission and prior to presenting.
   b. Benchmark Approval Form completed and submitted with portfolio (the Benchmark Approval Form should be page 1 in your portfolio).
6. In the event a presentation does not pass, a student may repeat the presentation. For each time a presentation is repeated in subsequent semesters, the student will be required to register for additional credit. No student will be allowed to present more than twice in a given semester. Students repeating a presentation in subsequent semesters may expect to do so before a new committee as committees are on a rotating and random basis. Any student repeating a presentation must qualify (see #3 above) as before.
